Ever since they got together in the second half of the Eighties, Chinawhite have been entertaining their audiences with a vivid mix of melodic, hard and progressive rock. You are now invited to check out their new album. In a way only Chinawhite can pull off, they deliver another blistering set of rock solid drums, thumping bass, guitars, guitars, more guitars and some keyboards to lift the mood. And let's not forget the amazing vocals!

No doubt this is Chinawhite at their most melodic and powerful ever.
