Claudio Delgift, also known as “C,” is a singer and guitarist from Buenos Aires, Argentina. So far he has released 7 solo albums, two singles, and an EP, as well as participated in many more musical ventures. His large following on social media is due to his frequent postings of his amazing work. Often live!

Since so far none of his releases had been available on CD, Rock Company contacted Claudio to see if a cooperation would work out. And it did!

So here we proudly present a remastered version of 12 tracks from his 7 albums so far. We think it is a stunning testament of a truly gifted musician.
