#### Credits:

All music, playing, programming, recording, mixing and mastering by Peter Cox

Recorded at Down The Road studio NL between 2020 - 2021.

“A lot of music was written in the past 2 years. But it wasn’t until a theme stuck in my mind, that I was able to find the right moods for the eight’ album under the Earthshine moniker. So I ditched a number of tracks and, based on the new found direction, set out to write the songs presented here. As usual the music is purely electronic. Name it what you want, but for me it is almost therapeutic to do, so I hope it works for you too. This is an imaginary trip, leaving earth, crossing our solar system and then travel into the great unknown...

Enjoy the flight”
