July 20 will see the release of No Respect, the next chapter in the Phil Vincent story! No Respect is a wildly imaginative, unabashedly hard rocking album about battling to restore melody in heavy music. "Nobody Cares" struts its stuff with more than a dose of melody and mayhem. Drummer Max Piccolo really shines on "War Arrow" where Vincent's vocals bring the song to a new level. "The Rifleman" has that fat guitar sound that induces air guitar utopia.

"No Respect" shows Phil Vincent at his best. Songs, Performance, Production.....check, check, & check!
