Album after album, D'Ercole prove to be able to deliver quality melodic hard rock. Sometimes mixed with a dash of progressive influences. So expect 2 epic 8 plus minutes tracks in Holy Ground and Cryin' Over You. And on occasion they surprise us with adding a reworked version of a classic song. In this case that would be a fantastic beefed up version of Stealin' from the mighty Uriah Heep. Of course there will always be foot stomping, air guitar slinging and headbanging tracks for you to enjoy. Whether it's the opener Lone Survivor, Until It's Gone or Turn Back Now, we know what we are going to get.

And we wouldn't want it any other way...
