Rock Company are happy to promote this new band. Dust & Denim say:

“Born in the southern states all six of us knew country even in the cradle. It is the heart and blood of the South and it's in the air and everywhere and we inhaled it all our life.

Now, still young, with No Country For Old Men we deliver a country album that is rooted in the Southern tradition but with a lyrical freedom seldom seen in the country scene. Eight ass kicking songs that will make you jump and scream!”
